

# Alba Exit Sign

The Alba Exit Sign intelligent device benefits of the latest LED and optic technology to produce a solution suitable for all indoor applications where aesthetics and reliability are of prime importance.

The Alba Exit Sign is quick and simple to assemble with a clip together design incorporating a self locking interchangeable legend panel. The device is particularly suitable for extra low voltage control panel based emergency and evacuation lighting applications. The innovative optic design achieves a perfectly even distribution of light over the illuminated surface area.
